

Class 3 Autumn 2021

United Nation Convention on the Rights of the Child. Article 28: 'Every child has the right to an education.'

English

We will be applying children's growing knowledge of root words, prefixes and suffixes, maintain positive attitudes to reading and an understanding of what they have read, write legibly, fluently and with increasing speed, plan, draft, evaluate and edit their writing and to develop their understanding of UKS2 vocabulary, grammar and punctuation. We will be writing a poem and non-fiction text.

Mathematics Year 5:

Multiplication and Division
Fractions

Mathematics Year 6:

Multiplication and Division
Fractions

RE

Christianity: Incarnation
What is Incarnation?
What are the stories of Jesus' miracles?
Revisit the Christmas story.

History – The Victorians

This term we will be learning about Victorians. We will be finding out about Queen Victoria and what made her reign great, learning about lives of Victorian children, inventions that still are around today, design and create our own prints in the style of William Morris and finding out about Victorian Christmas traditions.

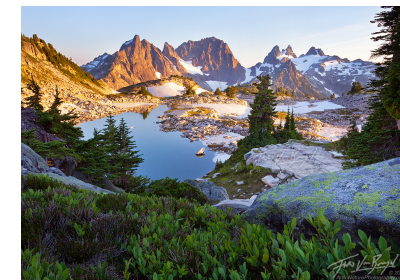

PE

Will take place on Monday afternoons. Please see our PE kit policy for more details.

Geography – Biomes and Vegetation Belts

This term we will be learning about the different types of biomes and their conditions, we will be able to identify these biomes on a map, explore these in relation to the equator, describe vegetation, compare two biomes, and explore the environmental threats facing biomes.

Science

Earth and Space
What is a geosphere?
Why does the moon change shape?
How do you communicate into outer space?

MFL French
